

Kindergarten News

Letter People

The boys and girls have been busy learning about the letters Y and E. We have done many activities with each letter. We are having a great January!

We began the new year with Miss Y who has a Yodeling Yawn. The boys and girls learned a song about the months of the year. We thought about something that we would like to learn to do by the end of the year and turned it into a class book. It was fun to make a goal to accomplish.

This week we met Miss E. She has Exercise Energy. We have done many different exercises while counting how many days we have been in school. We are learning about Emperor Penguins. Please ask your child to tell you three facts about penguins.

Math

We are working on numbers 11 through 30 in the new math chapter. We are also continuing to count daily to 100. We are excited to say that over half of our kindergartners can count to 100! Yea! Keep practicing!

2nd Semester

We are in the second half of kindergarten. The expectations have been bumped up. The boys and girls are expected to be doing their best work all of the time especially when printing, coloring, and cutting. We are working on reciting addresses. Please practice reciting your address every time you leave and arrive at your home. Also, show your child the numbers on your house or mail box and the street sign with your street name.

Book Orders

Please check out the attached book orders, if you choose to order send in one check to Scholastic Book Clubs or order online by Friday, January 27th.

Winter Clothing

Please mark every article of winter clothing that your child is wearing. We have tons of black snow pants, gloves/mittens and boots. Your child needs to wear everything and bring gym shoes every day!
